

Voluntary Pre Kindergarten

For children in the year prior to entering kindergarten. Children must be age 4 by September 1st. The Voluntary Pre Kindergarten class prepares children to enter kindergarten with the necessary skills, behavior and stability they need to progress and flourish.

Focus is on:

- Developing self-concept, self-control, and learning positive social skills through interaction with peers.
- Participating in a variety of language and literacy activities, writing, science, math, art, music and social studies lessons.
- Physical development in the areas of large motor and fine motor skills.
- School success for all children.
- Parent involvement and support.
- Opportunities are offered to children to ensure they are developmentally ready to enter kindergarten. Parent conferences are held during the year to update on progress and to share ideas and concerns.
